Welcome to joomlathug.com. We aim to become the hangout spot for lazy fsckers who don't like to rtfm, or extensive boring ass nerdy tutorials. The idea is to have straight forward, blunt, and some times funny tips, how tos, and guides, to help you on your way to becoming a thugged out Joomla! admin. If you don't have a sense a humor, then this site is not for you. Do not bother with sending me emails concerning my mannerism, or lack of the same. Enjoy your stay!
